CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA 10c per copy

Thursday, March 26, 1953

Campbell Union School District Trustee Edwin C. Van De Mark addresses parents, officials and children at dedication ceremonies for the new Quito School at Quito Road and McCoy Ave. On the platform are officials representing the school district, City of Campbell and Quito Park Merchants' Association.

Folk-dancing time in Quito School kindergarten finds children choosing partners while Mrs. Doris Hubbard, teacher, stands by at the phonograph. Kindergarten room is spacious and airy with plenty of sunlight and facilities for outdoor play.

CAMPBELL UNION SCHOOL DISTRICT DEDICATES NEW QUITO SCHOOL

Parents, teachers and officials of Campbell Union School District turned out in force last Saturday noon (March 21) for dedication ceremonies at the district's new Quito School located at Quito Road and McCoy Ave. Interest of the community in the school, which was opened last September, was demonstrated by the Quito Dads' Club whose members spent several hours during the morning setting out trees and shrubs about the grounds in accordance with landscaping plans.

The structure, containing nine classrooms, a multi-use room and office unit, was dedicated with appropriate remarks offered by Edwin C. Van De Mark of the board of trustees; District Superintendent William C. Henley and Principal Dorothy Sutter. Community officials shared the platform with the speakers.

In outlining expansion of the district's facilities through the State aid program, Van De Mark told the audience that the district is now bonded to its legal limit and is therefore eligible for further State aid.

The school now has an enrollment of 230. Buildings are expected to be able to handle enrollment through the 1953-54 school year.

Henley also pointed out the recent population survey made in the district which showed more children of pre-school age than were already attending school.

Mayor Declares Saturday As Easter Lily Day

Campbell mayor, Richard W. Morton, formally proclaimed Saturday March 28th, Easter Lily Day for Crippled Children, in conjunction with the Easter Seal Campaign of the Crippled Children's Society of Santa Clara County in a proclamation issued Monday night at City Council meeting.

In publishing the proclamation the mayor said, "The young lady, member of Campbell Chapter of Job's Daughters, who pins an Easter Lily on your lapel this Saturday will be representing the true spirit of Easter. This lily, made by a handicapped worker, means hope for crippled children." "Your generous contribution on his Easter Lily Day will be greatly appreciated and will give hope to many crippled children in our community."

CAMPBELL PLANS FOR ANNEXATION HELD UP 20 DAYS

Santa Clara County Boundaries Commission shelved Campbell's request for approval of a proposed 49.5 acre annexation between Hamilton Avenue on the south, a point near Clifton Avenue on the north, Santa Clara-Los Gatos Road on the west and the extension of Central Avenue on the east, Monday because of asserted irregularity of the tract boundaries.

Campbell must now wait a minimum of twenty days before proceeding with annexation plans because of failure of the commission to act on City's application.

Grange Jubilee To Honor Old Time Members

Those to be especially honored at Orchard City Grange's 50th anniversary celebration next Thursday, April 2, in a program include 21 past masters, two charter members Mrs. Jessie Campbell, descendant of Benjamin Campbell, founder of the city, Mrs. Charlotte Sutter, Campbell's oldest living native inhabitant, and two 50-year members, Mrs. Meredith Husted, and William Finemore.

Principal speaker on the program will be State Grange Master George Schlemmer.

Ceremonies, at which 12 county sub-granges will take part will be held at Campbell Grammar School auditorium beginning at 8:30 p.m. with a ham dinner for Grangers and friends in Campbell and throughout the county.

Among dignitaries expected to be present are Campbell city councilman Joseph V. Gomes, and County member of board of supervisors, Santa Clara County Sam Della Maggiore.

Grange past masters are: Frank E. Mitchell (1903-04); Dr. E. C. Abbott (1905-06); A. C. Keesling (1907-08); Joseph Bohnett (1909-10); H. G. Keesling (1911-12); J. E. Wiesendanger (1913-14); E. K. Gleindening (1915-16); Robert Scholz (1917-18); Stanley Smith (1919-20); W. R. Coupland (1921-22); H. V. Archibald (1923-24); Louis Shelley (1925-26); Harry Barnes (1927-28); S. N. Hedegard (1929-30); W. H. Woodbury (1931-32); L. E. Hendricks (1933-34); L. L. Merrill (1935-36); Werner Raab (1937-38); Jessie K. McChesney (1939-40); M. F. Hughes (1941-42); J. C. Gordon (1943-44); Herbert M. Shadle (1946-47-48); Martin S. Welsh (1949-50); George Shattuck (1951-52). Present Grange Master is Judge A. J. Emery.

PROCLAMATION

WHEREAS, ORCHARD CITY GRANGE will on Thursday, April 2, 1953, reach its fiftieth year of its founding, and its members will fittingly observe the Golden Anniversary with appropriate programs, and

WHEREAS, the Grange, its officers and members from the very date of their formation have been unselfish and untiring in furthering the agricultural and farming interests, as well as the social and cultural interests of this community which bears the name of the Orchard City, and

WHEREAS, through the leadership of Orchard City Grange in cooperation with other groups and citizens there has been established here a city of fine homes and schools and cultural pursuits strengthened and supported by the farmers, orchardists and businessmen who belong and are affiliated with the Grange,

NOW, THEREFORE, as Mayor of City of Campbell, in recognition of the valuable contributions made by Orchard City Grange to this community, do hereby proclaim, Thursday, April 2, 1953, Orchard City Grange Day in City of Campbell and recommend a fitting and appropriate observance thereof.

DATED: March 23, 1953.
JOSEPH V. GOMES,
Mayor Pro Tempore,
of City of Campbell.

BANNER BONERS: Headline in New York newspaper: "Father of Ten Shot—Mistaken For Rabbit."

TREASURE HUNTERS. Robert Rice, (left) and Mike Carlini, hit the jackpot last week when they found \$774 in brand new currency in an abandoned shack on West Rincon Avenue. The boys reported their find to Campbell attorney Martin S. Walsh, who deposited the money in Campbell American Trust Company. Money belonged to Orin Hamby, former occupant of the cabin, presently undergoing treatment in a Saratoga rest home.

INSTITUTION OF LOCAL DeMOLAY SET FOR SATURDAY NIGHT HERE

Institution and installation of the first corps of officers of the Campbell Chapter, Order of De Molay will be held this Saturday starting at 8:15 p.m. in the Campbell Grammar School Cafeteria with dancing and refreshments to follow the ceremonies, according to officers of the newly formed group. A group of installing officers from the Oakland chapter will visit Campbell for the occasion.

WILLIAM HENLEY TO CONFER ON SCHOOL PROGRAM

William C. Henley, Superintendent of the Campbell Elementary School District, will meet Saturday in Sacramento to help develop a program for coordinating the research activities of the six colleges and universities participating in the state-wide program of the California Elementary School Administrators' Association.

The project is being financed by the School Administrators and has the active cooperation of such civic groups as the American Legion, California Farm Bureau, State Chamber of Commerce, American Association of University Women, and League of Women Voters.

Purpose of the study is to determine what constitutes a desirable elementary school program for the children of California.

The report, which the group meeting Saturday will draw up, will be presented to the elementary school administrators when they meet in Sacramento next week for their state convention.

Henley is a member of the subcommittee seeking to discover what administrative and supervisory personnel and services are desirable for various sizes of elementary schools.

VFW AUXILIARY TO PLANT TREE

Lieutenant Byron C. Lanphear Auxiliary 6305, Veterans of Foreign Wars, will hold a tree planting ceremony at Campbell High School Grounds near the swimming pool, Sunday, March 29, with ceremonies starting at 2 p.m.

The Auxiliary will plant a Redwood Tree with a marker dedicating it to "World Peace."

Program will consist of: selections by the String Ensemble of Campbell Union High School, remarks by mayor Richard W. Morton, Presentation by Mrs. Charles Chubb, Acceptance by Laurence J. Hill, superintendent of Campbell High School District, Dedication by Rev. Corwin H. Olds, Benediction by Rev. Dennis Kennedy, and closing numbers from the string ensemble.

CAMPBELL BOYS ON TREASURE HUNT FIND \$774 IN ABANDONED SHACK ON W. RINCON AVE. NEAR HATCHERY

A handkerchief-wrapped envelope containing \$774 in cash and miscellaneous stocks and bonds were discovered in an abandoned shack on West Rincon Ave. last Wednesday by 12-year-old Campbell students Mike Carlini, and Robert Rice, who were engaged in an after school "Treasure hunt." The boys discovered the money hidden in a

HOSPITAL BILL GETS 'DO PASS' APPROVAL SIGN

Assemblyman Bruce F. Allen's bill to dissolve the West Valley Hospital District by a majority vote of its residents, slated for appearance on the Assembly floor in the near future, received a "do pass" recommendation Tuesday by State Assembly Public Health Committee.

The bill provides that directors may exclude territory if 50 percent of the district property owners so desire. An area could also be voted out of the district under the bill. District directors may call an election in the area seeking exclusion if a petition is presented signed by ten percent of the property owners residing therein.

Original plans called for a refund to taxpayers, but County Controller John M. Francisco protested that this would entail too much bookkeeping work for his department.

The bill, drafted by former 28th District Assemblyman Robert C. Kirkwood, called for reversion of district assets, estimated at between \$80,000 and \$90,000 to the county general fund.

Orchard Grange Hosts Visitors At Last Meet

The regular meeting of Orchard City Grange No. 333 was opened by Worthy Master A. J. Emery. There were 118 members present, including visitors from various Granges. Among those present were nine dignitaries: Mrs. Augusta Melott, State Grange Youth Group director; Mrs. Gertrude L. Malech, Pomona Home Economics Club chairman; Mrs. Effie Spencer, Pomona Lecturer; John Gordon, District Deputy; Walter Melott, Almaden Grange Master; John Tallent, San Jose Grange Master; Ralph Hartwell, Morgan Hill Grange Master; Edward Thomas, Mt. Hamilton Grange master, and Melvin Fairbanks, Coyote Grange Master.

District Deputy John Gordon conferred the first and second degrees on nine new members and the Almaden Degree team, consisting of 17 ladies, conferred the third and fourth degrees on those candidates in an impressive ceremony.

The meeting room and banquet hall were beautifully decorated.

A short business session followed, during which Master A. J. Emery announced the coming 50th anniversary of Orchard City Grange 333 Golden Jubilee to be held April 2, at the Campbell Grammar School to start with a ham dinner at 6:30 p.m. followed by a full program. The main speaker will be State Grange Master George Schlemmer. Tickets for the ham dinner are still available at \$1.50.

After the meeting refreshments were served in the banquet hall by chairman Mrs. Julia Johnson and William Johnson, co-chairman, assisted by Mesdames Genevieve Helmbold, Anne Gardner, Veronica Stoner, Harriet Edsinger, and Mrs. Robert Sholtz.

Four new applications were voted on favorably. The lecturer, Lucille Hoerler, announced that on the next regular meeting, Past Masters' night, all living past masters of Orchard City Grange will be specially honored as well as our two charter members, and some 50-year members who were not charter members.

Home economics club chairman announced a meeting of the H.E.C. on April 10 at the home of Mrs. Mea Walsh on Budd Ave. It was announced that Judge Martin Walsh is improving and may return to his home within a few days from O'Connor's Hospital.

TICKETS ON SALE FOR CABIN BOYS CONCERT HERE

Concert tickets for the Cabin Boys Quartet musical presentation, sponsored by Rosemary Horton and School Club, Methodist Men's Club, Campbell Business and Professional Women's Club and Campbell Lions' Club, are now on sale in Campbell, according to George French, of the Lions' Club, chairman of ticket sales.

The event, scheduled for April 9, at Campbell Union High School Auditorium, will feature Emanuel Mansfield, James Templeton, Livingston Alonzo Lashley, and Theodore Roosevelt Calvin Coolidge Woods, who have a distinguished record of 157 concerts in Canada, and 70 appearances between New England and California, since last Fall.

Proceeds of ticket sales will be for the benefit of the Campbell Auxiliary Police Department to purchase needed uniforms and equipment.

The 14-man auxiliary police department under the direction of senior officer Robert J. Locke, since its organization has averaged 300 hours of police work each month. The auxiliary policemen receive no compensation; all time and work is volunteered. In the opinion of officer Locke, the Old Settler's Day parade or any community function on such a large scale would be almost impossible to control without the assistance of an auxiliary police force.

Press releases of past performances of the Cabin Boy's Quartet indicate they are outstanding in their field and a large audience is expected to attend when they perform in Campbell for the benefit of Campbell Auxiliary Police.

American Legion Enjoys Entertainment Program

Instead of the regular meeting Wednesday, March 25th, of Campbell Post 596, The American Legion, the Second Vice President Harold Adams arranged for an evening of entertainment which started at 8 p.m. in the IOOF Hall much enjoyed by members, families and friends who attended. Refreshments were served after the program.

Akaya Campfires Hold Ceremonies

The Akaya Campfire girls, under the leadership of Mrs. Ellis Rother, held their second ceremonial in the San Tomas School cafeteria on the evening of March 17th.

The theme of the gathering was the conservation of natural resources, and the Pledge of Conservation was given by Campfire girls Carol Vestal, Joann Lucot and Corena Marshman.

The Law of the Campfire Girls was given individually by Joan Swan, Bette Berghold, Lynne Allen, Judy Buickerood, Diane Rother, Karen Gamble, Joann McCoy and Linda Bahl.

Honor beads, earned by the girls, in the various crafts of Campfire, were awarded, wrapped in silver paper and secured to the bases of the candles of the honor girls.

Following the ceremonies, a program was presented by the girls. "Night Must Fall," violin solo, was given by Bette Berghold, accompanied by her mother, Mrs. John Berghold, at the piano. Karen Gamble and Linda Bahl performed a waltz clog dance, "How Much Is That Doggie in the Window?" was sung by Corena Marshman, Karen Gamble and Carol Vestal. A tambourine dance in keeping with St. Patrick's Day was performed by Diane Rother and Judy Buickerood. Carol Vestal and Joann Lucot sang "I'm a Little Acorn Brown." A story was read by Joann McCoy. The program ended with a song of Campfire origin sung by Joan Swan and Lynne Allen.

Punch, coffee, cake, cupcakes and cookies were served by the committee, Mesdames James Vestal and Hugh Allen.

PRE-SCHOOL MOMS TO MEET TOMORROW

Regularly monthly brunch meeting of Pre-school mothers will meet tomorrow March 27, in the social hall of Campbell Methodist Church.

A speaker from the Mental Health Service will talk on "Needs of Mothers of Pre-school children."

Interested mothers are welcome to attend. Group meets from 9:30 a.m. to 11 a.m.

Nursery care will be provided for children.

Goen - Thompson Nuptial Vows Exchanged Sat.

Richard L. Goen, son of Mr. and Mrs. Fred Goen, Seattle, Washington, and Miss Ruth Marie Thompson, daughter of Mr. and Mrs. Gaelen Thompson, of 15074 Woodard Road, Cambrian Park, exchanged nuptial vows at 9:30 Saturday morning March 21, at the little Chapel of University Presbyterian Church at the University of Washington.

Rev. Gary Demarest was the officiating minister.

Richard is a senior at the university majoring in math. Ruth is a junior majoring in nursing.

After April 1, the couple will be at home to friends and relatives at 4407 Densmore Ave., Seattle, Washington.

Mrs. Ellis Rother To Head PTA

Mrs. Ellis Rother was elected president of the San Tomas PTA at a meeting held March 19th in the school cafeteria. Other officers who will serve in the new term are Mr. Ed Tablak, first vice president; Mr. Cliff Winters, second vice president; Mrs. Walter Thurber, secretary; Mrs. Ted Balgooyen, treasurer; Mrs. Robert Farrell, historian.

The Santa Clara Division of the National Safety Council was represented at the meeting by Mr. William Coppedge, who spoke on safety measures in the home and in the community. Mr. Coppedge was introduced by Mrs. Chris Miller, parent education chairman.

Mr. Ray Wilson, sixth grade teacher, gave a resume of the delinquency meeting held at the school on the evening of March 16th and announced that another of these meetings will be held at the school on the evening of April 16th. At that time a movie, "A Criminal Is Born," will be shown. All parents are urged to attend this meeting, as it is of vital interest to all in the community.

Mrs. Helen Powell's class won the award for parent attendance at the PTA meeting. Three Bluebirds led the flag salute.

Health Program For Quito PTA

Mrs. Louise Karpen, school nurse for Quito and San Tomas schools, presented three phases of health, health education, services and control of environment, in a program presented before the Quito PTA in the Quito cafeteria on March 17th.

Teachers and pupils demonstrated Mrs. Karpen's theses. Miss Barbara Mackay's third grade performed a skit depicting daily health inspection, with Pamela Barnett, third grader, in the role of teacher.

Mrs. Doris Hubbard's afternoon kindergarten demonstrated "rhythms" and showed health posters they had made, commenting on their significance.

Dr. Mary Clark, senior health officer of Santa Clara County, showed a film entitled "So Much for So Little," revealing health facilities available to people of all ages. Dr. Clark spoke on the Health Department and its close cooperation with other important organizations such as the Red Cross, Tuberculosis Association and March of Dimes.

Mrs. Marjorie Foster's first grade performed a folk dance, "The Bells of Dunkirk," and a skit, "The Three Billy Goats Gruff," in which hand puppets were the cast.

Mrs. Lauretta Hall, speech teacher, demonstrated a speech lesson, assisted by first graders.

Mrs. Esther Fore's first and second grades sang "What Does the March Wind Say?" pantomimed a clock poem and recited poetry from health posters.

At the business meeting a nominating committee was elected, its members being Mrs. Dorothy Sutter, chairman; Mesdames O. B. Barth, Stuart Fowler, Andrew Lassen and Roy Spiker.

Shamrock cookies, in keeping with Saint Patrick's Day, were served by third grade room mothers.

Edna Black of 70 Gilman Ave. is recuperating from a serious operation, performed last February at Stanford Lane.

Campbell Register

SHIRLEY MINARDI revealed her betrothal to DICK YAEGER by passing the traditional lighted candle to her sisters in Alpha Omicron Pi Sorority. The announcement was followed by Shirley's being serenaded by Dick's fraternity, Lambda Chi Alpha, by whom she was also presented with a bouquet of roses.

Shirley's parents are Mr. and Mrs. ANDREW MINARDI. She is an alumna of Notre Dame High School and is now a student at San Jose State College, majoring in recreation.

Dick's parents are Mr. and Mrs. LOU YAEGER of Campbell, Dick is a Campbell Union High School alumnus, attended San Mateo Junior College and is now a junior at SJSC, majoring in industrial arts.

No date has been set for the wedding.

The engagement of ANNE CYNTHIA BARQUIST to WILLIAM ROURKE has been announced by the parents of the bride-elect, Mr. and Mrs. WILLIAM BARQUIST.

Anne is an alumna of Campbell Union High School and San Jose State College. She is now taking post graduate work in art at the University of California at Los Angeles.

The benedict-elect is the son of Mr. and Mrs. HARRY ROURKE of Santa Monica. He is a senior at Loyola College in Los Angeles.

Mr. and Mrs. FRANK L. PERREIRA of San Jose announced the engagement of their daughter, MARLENE, to DAN HILL at a family buffet supper.

Marlene was graduated from Notre Dame High School.

Dan, the son of Mr. and Mrs. A. T. HILL of Campbell, was graduated from Campbell Union High School and is a veteran of the Korean War, where he served with the Marine Corps. He is employed in Sunnyvale.

"You Can't Take It With You"

—but you can enjoy it while you're here. The delightful Kaufman and Hart stage play will be presented by a student cast at the Campbell Union High School tonight and tomorrow night. Curtain time, 7:30. The CUHS orchestra, under the direction of FRANK TRIENA, will add to your pleasure.

Would you like an Easter lily — to give or to keep?

Would you like to contribute to the Crippled Children's Society of Santa Clara County?

You can help crippled youngsters by buying a lily from any member of Job's Daughters next Saturday. The girls will sell lilies on the streets throughout the county.

Mrs. M. ELLISON DENNING, guardian of Bethel 174, is chairman of the Campbell District sales.

The American Legion Auxiliary, No. 596, met March 25th in the I.O.O.F. Hall. After a short business meeting the ladies joined

the men of the Legion to watch wrestling.

Mrs. HERBERT MYRING, who recently recovered from an illness, will preside at the meeting.

Mrs. H. T. MILLER, member of the Republican Central Committee, and Mrs. RUTH NINNIS, associate member and president of the Campbell Republican Women, attended a convention of the Central Committee in the Hotel St. Francis in San Francisco March 14th and 15th.

Distinguished speakers at the convention were Governor EARL WARREN, Lieutenant Governor GOODWIN KNIGHT, State Controller ROBERT KIRKWOOD and

Mrs. IVY BAKER PRIEST, Treasurer of the United States.

The Campbell delegates were especially charmed by Mrs. Priest, described by Mrs. Miller as "an able and womanly woman."

Miss LAURA KENNEDY of Oakland visited over the week end with her cousins Miss FLORANCE KENNEDY and Miss ELIZABETH KENNEDY of Alice Way.

Sharon Boardman, 16, in ill health since last August with rheumatic fever, is gradually recovering. She is the daughter of Mr. and Mrs. John Boardman of Mulberry Drive.

A Lecture on Christian Science

Entitled
The Healing Prayer of Christian Science
by
Lela May Aultman, C. S.
of Denver, Colorado

Member of the Board of Lecturership of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts

Miss Lela May Aultman, C. S. of Denver, Colorado, delivered a lecture in First Church of Christ, Scientist, at Los Gatos, Monday evening, March 23, at 8 o'clock. She was introduced by Miss Frances M. Kierulff, Second Reader, who said:

"Friends, it is a joy for the members of First Church of Christ, Scientist, of Los Gatos, to welcome you here, and it is our earnest desire that you may find in this lecture what Mary Baker Eddy, the Discoverer and Founder of Christian Science, spoke of in her 'Easter Message of 1902.' 'A pure peace, a fresh joy, a clear vision of heaven here, heaven within us,'—and an awakened sense of the risen Christ."

The subject of the lecture is "The Healing Prayer of Christian Science."

Our speaker, a member of the Board of Lecturership of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, is Lela May Aultman, of Denver, Colorado. It is indeed a pleasure to present Miss Aultman.

The lecturer spoke substantially as follows:

God Is Knowable
True theology is knowledge of God, and the understanding of the nature of God underlies all the teaching and demonstration of Christian Science.

I was asked one time whether I had found it difficult to outgrow the concept of God which had been taught me in the church to which I had previously belonged. I answered quite honestly that I had had no definite concept of God to outgrow. I was a Sunday School child who left my former church, and although I had had a number of years in Sunday School there, I had learned almost nothing about God. I had heard quite a bit about St. Paul and Jesus, but had gained no clear concept of the nature of God or my relationship to Him.

You may know, then, how wonderful the Christian Science Sunday School teaching was to me, for it taught me from the first day of attendance to feel the presence of God and my oneness with it. I began to learn the seven names or synonyms for God which are used by Mary Baker Eddy, the Discoverer and Founder of Christian Science, each name designed to enrich our understanding of His nature. Christian Science is not a theory or a mere philosophical study. Its teaching concerning God and man is concrete and practical. It reveals God to us as Mind, as Love, Soul, Principle, Spirit, Truth, and Life.

Why is it of value to us to know that God is Mind? Because God is infinite, and infinite, divine Mind must be all-wise and all-knowing. Mind is the sole creator of man and the universe. Since God, or Mind, is good, His creation necessarily is good, for it expresses the nature of the Mind which conceived it. We acknowledge but one God, therefore one Mind, and this means that His good creation is the only reality. Divine Mind governs and controls its own universe. Then evil has no influence and no control. God's government is the rule of flawless intelligence, which never fails to do all things well.

God, or Mind, is just. Only omniscience can be completely just; so we look to the all-knowing God, not to mortals, for justice. Because we know that God is supreme, we are enabled to behold His equity operating in all our relationships and are freed from the belief that human opinion, ignorance, or malice can rob us of justice.

All-knowing Mind never makes a mistake. What a comfort it is to us to contemplate our true selfhood as His children, and to realize that as His creation, faithful representatives of His nature, we too are incapable of making mistakes.

On the walls of many Christian Science churches you may see the quotation from John which states that God is Love. This name for God is very dear to students of Christian Science, and they like to be reminded of it. Divine Love is the Father and Mother of man. Love's fatherhood supports, strengthens, and provides for His creation. Love's motherhood cherishes, protects, enlightens, and guides the children of God. It is because we know God to be Love that we trust Him to care for His children, and we realize it is His will that man should have every good gift and every blessing. God's love is changeless; therefore His gifts of health, freedom, security, and joy are as continuous and dependable as the divine Love which gives them.

Man Is God's Image

Scholars have written many books which try to answer the question, What is man? But he is still a mystery to everyone who tries to find the answer in matter. There is nothing to be learned from X-ray pictures of a material body, or a chemical analysis of its elements, which could possibly explain the nobility and grandeur of God's man, his intelligence, spiritual-mindedness, and native goodness.

The nature of man has been plainly written in the Bible all through the centuries while men have been seeking for it fruitlessly in physiology and psychology. The first chapter of Genesis tells us that man is created in the

image and likeness of God, and that God, beholding His creation, declared it to be very good.

How vital it is, then, for us to understand God, if we are to know the nature of man, created in His image. Man is intelligent, supplied with every idea he needs, incapable of making mistakes, because he reflects God, who is Mind. He is gentle, kind, generous, since he expresses God, who is Love. He has the changeless perfection of Truth. Because he reflects Principle he is able always to think and to act rightly, and his life is governed, not by chance, but by divine law, which is invariably good. Man, governed by Principle, is accurate, dependable, orderly.

Christ Jesus

It was Jesus' understanding of God and man which gave him the power to accomplish his holy mission. He is given the title Christ Jesus because of all men he understood the Christ, or Truth, most perfectly. He lived the Christ consistently; and taught the Christ so that others understood it and were blessed.

We understand, however, that the Christ, the manifestation of God to human consciousness, did not come into existence on the day when Jesus was born in Bethlehem. The Christ, Truth, is eternal and had been discerned in some degree by many of the great characters of the Bible, even in Old Testament history. The Christ is the light of Truth which reveals to you God's goodness and power, which inspires you to do good and to love your neighbor. The Christ heals as surely, when you understand and live it, as it did in Bible times.

When we contemplate the magnitude of Jesus' accomplishment in the three years of his ministry—the multitudes he healed, the dead he raised, the thoroughness with which he taught his followers, the foundations he laid for the establishment of the Christian church—it seems incredible that he could have done it all in so brief a period. Humanly it would have been impossible. But Jesus did not attempt to do it humanly. He knew that he could do nothing of himself, but that he expressed God's omnipotence and was capable of accomplishing all good with God's help.

The Discoverer of Christian Science

If you wish to learn the truth about Jesus' life, would you ask someone who had never accepted Christianity? How could anyone interpret his character who had failed to understand the mission to which his whole life was dedicated? It would be equally impossible to learn the truth about Mary Baker Eddy by asking critics who do not comprehend the teaching of Christian Science and therefore believe they are opposed to it. Mrs. Eddy has told us that we can truly know her through her books. The discovery of Christian Science, the writing of her books, and the founding of her church and its worldwide activities were her lifework. One must understand the message and its effects to realize the character of the messenger.

One who has come to understand and love God through a study of the Bible in connection with Mrs. Eddy's writings necessarily recognizes the spirituality of the woman through whom this enlightenment has been made possible. One who has been healed by the application of God's law as taught in Christian Science is sure to see that the Discoverer of Christian Science must have understood God's law clearly and practically in order to make it plain to others. Those who know something of Mrs. Eddy's work of spiritual healing see in it such similarity to the inspired healing work of Jesus that they realize she must have known and applied the same spiritual truth which our Master understood.

Jesus not only accomplished healing himself, but he also was able to teach others how to heal. When Mrs. Eddy was suffering from an injury which her physician expected to be fatal, it was her study of the Bible account of one of Jesus' healings which so illumined her thought that she was instantly healed. It had been centuries since Jesus had been here in person, but the written account of his words and works was still powerful enough to teach others to understand God's truth and heal through applying it.

Fortunately for the world, Mrs. Eddy's liberation from the sentence of death did not tempt her to stop her search for Truth. Her great love for mankind urged her to understand the Bible so thoroughly that she could share with everyone the light which had brought her own healing. For three years she dedicated her life completely to a study of the Bible, and all of her writings on Christian Science are based on her spiritual understanding of the Bible. Her discovery in turn so illumines the Bible that every student of Christian Science loves that great book, turns to it for help, and studies it daily in connection with her book "Science and Health with Key to the Scriptures," which is the textbook of Christian Science. It is the King James Version of the Bible which Christian Scientists study each day, and which is read in every service in a Christian Science church.

Mrs. Eddy must often have shared Jesus' yearning to be understood, because it was clear to both of them that their followers would be robbed of the blessing of their message if they failed rightly to evaluate the messenger. When John the Baptist sent two of his disciples to ask Jesus whether he was the Saviour whose coming had been foretold, Jesus' reply was in words rather than words, for he told the disciples to report to John the healing they had witnessed, as proof of his Messiahship.

Jesus' ministry lasted only a few years, but he promised that another Comforter would come to bring his teaching to our remembrance, and that this Comforter,

the spirit of Truth, would remain with us forever. In fulfillment of this prophecy Christian Science has come to mankind, a divine revelation, truly the Comforter, for the truth it reveals is demonstrable and meets every human need.

Why are Christian Scientists so sure that Mrs. Eddy was a divinely appointed messenger and her revelation given her by God? For the same reason which Jesus gave to John's disciples—because of her works. Her teaching follows faithfully Jesus' teaching, her works give proof that she was putting into practice the same divine law which he had understood. And she, too, was able to impart this truth to others so clearly that they also could heal.

I want to tell you of one of the countless healings accomplished by the student of her books. A Christian Scientist in a small New England community was in an automobile crash. Two men who were passing by picked her up and said that it seemed as though every bone in her body must be broken. But she said afterward that she was so conscious of the truth that she did not lose consciousness, and therefore she was able to direct the men to take her to her home instead of to a hospital. She was not examined by a doctor; so she had no mental picture of a diagnosis to erase nor any time limits laid down for her healing. She trusted completely to the application of Christian Science for her restoration.

She realized that although something seemed to have happened to a material car and a material body, in reality no evil had touched her, because she was not in matter. She likened herself to be the image She likeness of God, who is changeless and perfect. An insurance agent came to see her, but she refused to make any claim for insurance for personal injuries, to his great surprise. She felt that she could not consistently affirm that she had experienced no injury, and at the same time "Pay me for injuries."

In two weeks she was up, and in less than three weeks she was able to introduce a Christian Science lecturer for her church.

Some time later when, for some reason, she had to have a physical examination, the doctor told her she had had a broken arm, one leg had been broken in two places, and she had had two broken ribs, a broken bone in the foot and one in the forehead. The doctor knew she had had only Christian Science treatment, and he told her he had never seen more perfectly set bones.

One thing about this healing interested me particularly. We often feel it is easier to work out such a problem if the case is protected from publicity. But in this case there was no privacy for the patient whatever. The entire community was aware of the incident, busily discussing it and very critical of the woman for being so foolish as to risk her life by trusting to spiritual means for her healing. Nevertheless she was healed quickly and permanently, which proved that the spiritual understanding and complete trust in God which Christian Science imparts are so powerful that no amount of human disbelief can rob them of their fruition.

The Bible tells us of an occasion when Paul had clear proof of the same divine fact. He was shipwrecked on the island of Melita, and when he and his shipmates gathered around a fire, and Paul was putting wood on the fire, a serpent fastened itself on his hand. The people surrounding him believed the serpent to be fatally poisonous, and every one of them watched him, expecting to see him fall down dead. Paul alone trusted God's power to protect him—and he was unhurt! The power of one individual's spiritual conviction of the omnipotence of God, or good, is a force potent enough to affect the effect of materialist thinking which may seem to surround him. This is a great comfort to our Christian Scientists who are in military service. Many of them have proved that because of their spiritual understanding they cannot be mesmerized by the fear, hatred, or material theories which may seem to be about them, and accordingly have experienced remarkable protection under difficult conditions. Actually they have known that their environment was not material as it seemed. They have understood the truth of the Psalmist's words, "Lord, thou hast been our dwelling place in all generations." So man's real environment is the presence of divine Love, and knowing this, he is conscious of Love's comfort and protection.

The Simplicity of the Christ

If you are a new student of Christian Science, have you felt as you began to read the Bible and the Christian Science textbook that there is so very much to learn? Do you wonder whether you can appreciate this teaching yourself and accomplish the healing results which it promises? Indeed you can. If you will turn to the last pages of Science and Health, you will find a whole chapter devoted to testimonies of healing. All of these cases were healed solely through the study of Science and Health, and many of the people were making their first acquaintance with Christian Science.

Begin to put into practice the first simple statements of truth which you understand. Our textbook tells us that Truth is so powerful that even a grain of Christian Science accomplishes wonders. The youngest children in the Christian Science Sunday School begin to apply its teaching to work out their daily problems, and thus they grow in spiritual strength and conviction.

A young woman I know has had Christian Science Sunday School teaching from early childhood. When she reached the summer before she was to enter college, she accepted a position as counselor in a camp for children. That summer

there was an epidemic of polio in that part of the country, which was so severe that it caused great concern to camp owners.

On the last day of the summer season in the camp where the young Christian Scientist was serving, a child suffered an attack of polio. A doctor from the nearest town came to the camp and verified the diagnosis. An ambulance arrived and took the young patient to the large city some distance away.

Almost hysterical fear prevailed at the camp. The Christian Scientist felt that her duty to the camp exceeded the human activities required of a counselor. A Christian Scientist is always first of all a Christian Scientist, about his Father's business. When he accepts any position, the greatest asset he has to offer is his understanding of God and obedience to Him. So this young student of Christian Science did not share the fears of the other people at the camp. She went to her cabin and began to study the week's Lesson-Sermon on the subject of Mind. She found her faith greatly strengthened by what it taught of the power of the one divine Mind to govern the universe, and she found several references which made plain to her the powerlessness and unreality of fear. She knew that divine Love's creation is perfect, harmonious, and at peace. She realized that Love alone is power, and that the allness of this power makes any evil power impossible. She knew that everyone concerned in the activities of the camp was God-governed.

She worked and prayed in this way for a long time and then returned to the lodge where the other counselors were talking over the situation. The telephone rang, and the counselor who had accompanied the patient in the ambulance reported that all was well. Although the child had suffered acutely at the beginning of the healing she was healed. She was given every conceivable test, and the doctors could find no symptom of sickness. They even kept her two weeks, searching for evidences of the disease, but it had been completely destroyed, and no further cases resulted among the campers who had been with this child.

The young Christian Scientist had not, of course, treated the child, since she had not been asked to take the case. But she had known the truth about man, who is created in God's likeness. She had realized that fear is the cause of sickness, and the application of God's law of love had destroyed the fear and the disease which had resulted from it.

The demonstration or proof of the truth of its theology is a vital part of Christian Science. We are thankful for the fidelity of the early Jews to monotheism, and for their cherishing of the Old Testament teaching. We are deeply appreciative of the magnificent work of the Protestant Christians of many generations, in preserving our complete Bible and, in spite of intense opposition, bringing it to the world in printed form for everyone to study and love. These vital contributions to religious history showed an earnest valuing of the word of the great Bible teachers.

Now Christian Science has come to add another important tribute. In the words of Mrs. Eddy written in the Manual of The Mother Church (p. 17), our church is "designed to commemorate the word and works of our Master, which should reinstate primitive Christianity and its lost element of healing." Thus we have at last the undegraded and unadorned Christianity, based completely on the theology taught and lived by Christ Jesus.

The Science of Complete Healing

In our day there are many systems which promise to heal the physical body. But what is real healing? Mrs. Eddy, in the Christian Science textbook, states that "the question, What is Truth, is answered by demonstration,—by healing both disease and sin; and this demonstration shows that Christian healing confers the best health and makes the best men" (p. viii).

What is meant by the assertion that it confers "the most health"? Is there more to health than just a comfortable material body?

Christian Science healing deals not with the patient's thought, but primarily with his physical body, even though his problem may look like a physical ailment. Christian Scientists recognize that the human mind and body are not two separate things to deal with, but they actually are one, for all conditions of the patient's body simply express what is in his thinking.

A man's thought has the same relation to his body that a motion picture film has to the image thrown on the screen. Nothing can appear on the screen which does not originate in the film. If you see something on the screen which is ugly or unpleasant, you cut the scene out of the film. You do not go to the screen and attempt to cut out part of it, or paint over it. When the scene is once cut out of the film, you have no fear that it will ever again show on the screen. What appears in thought seems to manifest itself on the body, and the correction of the one condition bodily condition must begin with the spiritual correction of thought.

The fact that there is a mental basis for physical ills is accepted by psychosomatic medicine. But its diagnosis, which leaves a patient believing he has a diseased mind and that both the sick mind and sick body are real, does not free him. Medical methods still attempt to heal such a case by doctoring the body, and psychiatrists make an effort to replace faulty human thought with another kind of human thought, often even using hypnotism to accomplish this, and thereby weakening the patient's mentality. Christian Science, however, tells us that "the body improves under the same regimen which spirit-

ualizes the thought" (Science and Health, p. 370). This is quite different from merely changing one type of material thinking to another, equally material.

Christian Science shows us how to replace sickly thoughts with harmonious spiritual ideas and thus to free man both mentally and physically. It teaches that God, who is the creator of man and the universe, is therefore the great and only cause. And God is good; so cause and its effect are necessarily good. The sick body is therefore the result of a mere superstition that fearful, discordant thinking can be real and can be a cause, and that the body can suffer as a result of it. The spiritual fact is that fear and other phases of evil are not cause at all, have no effect, no mind to believe in them, and no substance to embody them. The Christian Science textbook states emphatically: "Fear never stopped being and its action" (p. 151). "There is but one primal cause. Therefore there can be no effect from any other cause, and there can be no reality in aught which does not proceed from this great and only cause" (p. 207).

An understanding of the Science of Christianity, which teaches God's great love for His children and the sureness of the Scriptural promise, "He will not afflict," will destroy fear by strengthening our trust in God. And the disease which has resulted from the fear necessarily disappears with the fear.

Christian Science Redems from Sin

It is the healing of sickness which attracts many people to Christian Science. But this is not the whole of Christian Science healing, nor even its primary mission. The Christian Science textbook tells us that now, as in Jesus' time, "signs and wonders" are wrought in the metaphysical healing of physical disease; but these signs are only to demonstrate its divine origin,—to attest the reality of the higher mission of the Christ-power to take away the sins of the world" (p. 150). Today, when the light of Truth has been revealed so clearly that we have brought much evil out of hiding, we see around us a world greatly in need of the healing of sin of every degree and type, from individual selfishness to international crime. Let us be thankful that Christ Jesus, our Way-shower, has taught us how to heal sin in ourselves and in our world.

Greed, lust for power, envy and cruelty, wherever expressed, even in your thought or mine, would contribute to war. Each of us who conquers such tendencies is helping to bring peace to the world. We do not ignore the efforts of malice and tyranny to enslave or destroy men, but we know the most effective way of overthrowing these enemies is to live so righteously and love so generously and obey God so sincerely that the help good to outweigh evil in our world.

When one is earnestly striving to accomplish his own healing through Christian Science, he often examines his life to discern whether there is some way in which he can be more obedient to God's demands. As we turn the searchlight of Truth on our own behavior it is important that we not be weighed down with self-condemnation. If you were a schoolteacher helping a child to find the mistake on his arithmetic paper, you would not say to him, "You are going to be identified with this mistake all through your life." Not at all! You would immediately show him the correct way to work out his problem, and thus to dissociate himself permanently from the mistake. Be as loving and intelligent in dealing with your own self-correction.

In her book "The First Church of Christ, Scientist, and Miscellaneous," Mrs. Eddy counsels us (pp. 128, 129), "Oftentimes examine yourselves and see if there be found anywhere a deterrent of Truth and Love, and hold fast that which is good." Note that she does not say, hold fast to the evil you have found, but "hold fast that which is good." Identify yourself so thoroughly with the qualities of spiritual grace and purity, of nobility and trustworthiness, that you will live them consistently. When you do this you have no need to concern yourself longer with the mistakes. They will not even seem to exist.

It is ignorance of God which makes men afraid, since to know God is to trust Him completely. It is ignorance of the spiritual nobility of man's nature which results in sin; and when a man becomes acquainted with his true selfhood and learns to love and respect his own spirituality, God's reflection, he is satisfied with good, and evil has no attraction for him.

We see then how it is that "Christian healing confers the most health and makes the best men." When we are healed through Christian Science we are not only healthy physically, but we have a healthy spiritual concept of our oneness with God, we have healthy morals, healthy dispositions, healthy relations with our fellow men. Freedom from all the tyranny of evil and the joy of living harmoniously as God's witness are salvation.

True Prayer
How is Christian Science healing

accomplished? Through prayer. The first chapter in Science and Health is on the subject of prayer, and a study of its pages will give anyone some understanding of what constitutes Christian Science treatment.

One of my friends tells of a time when he and another young man were boarding with the family of a Protestant minister. In this home it was customary to have morning prayers which included the entire household, and each individual was supposed to take his turn in leading the prayer. My friend had been brought up to pray, so he felt safe about his own assignment, but his companion was completely at a loss about what he would say. So my friend came to his rescue and dictated a short prayer which the young man wrote on the cuff of his shirt. When the morning came for him to lead the prayer, he realized to his horror that he had changed his shirt. That left him quite prayerless! If we were dependent upon written formulas for our prayers, we, too, would feel helpless, for those material props might at any time fail us.

How does Christian Science teach us to pray? It reveals to us that God is already all-knowing and that He has already blessed His children abundantly. So prayer is not for the purpose of acquainting Him with conditions or pleading for His blessing. Our prayers are for our own enlightenment. They are an acknowledgment of God's presence with us, of His great love and its protective care. Prayer is beholding the good which is already true; it brings our thoughts into conformity with the spiritual fact of a good God and His good creation and the permanence of the blessings which He gives—health, joy, and usefulness. When our thoughts are filled with these inspiring truths, there is no room in them for fears and limitations, and we are freed from the discords these phases of false thinking produce in human affairs.

Paul counseled us to "pray without ceasing," to "pray in all things," and to show us how to fulfill it, for it continues: "Pray without ceasing. In every thing give thanks." It is possible to obey this command when we understand prayer as Christian Science teaches it. We can give God thanks all through our days. We can behold evidences of His love in every experience. We can acknowledge our own Godlike qualities and live them consistently. This is praying without ceasing.

Universal Salvation

Christian churches for centuries have related soul to salvation. They have taught that each mortal has a soul which is either sinful or good—that after death the good soul is sure of salvation, and the sinful soul is condemned to suffering.

Christian Science teaches that salvation is universal, and it has a sound basis for this affirmation. To the Christian Scientist Soul is one of the names for God, and since there is but one God there can be but one Soul. Even as divine Mind is individually expressed by man, so Soul is reflected by individual man. The real, spiritual man cannot be a sinner because Soul is God and has the qualities of purity and holiness. Moreover, Christian Science shows how to overcome our sin and materiality which have seemed to produce suffering.

We find in Science and Health a statement which says (p. 210), "Knowing that Soul and its attributes were forever manifested through man, the Master healed the sick, gave sight to the blind, lame, thus bringing to light the scientific action of the divine Mind on human minds and bodies and giving a better understanding of Soul and salvation." All of this can be accomplished by realizing man's expression of the attributes of Soul. Soul is a wonderful name for God, which we can understand clearly and express in our daily lives. Some of Soul's attributes are joy, purity, and health, the beauty of holiness, spiritual inspiration, freshness, and harmony.

Man, who reflects God, Spirit, is therefore spiritual. So he could not have material senses, but expresses the senses of Soul. Through these senses man is always cognizant of spiritual good; he is never sensitive to evil, but sensitive, or responsive, to the presence of divine Love and joyously aware of the radiance and glory of God and His perfect creation.

As men consciously identify themselves with all the good which Christian Science shows to be true of our Father—Mother—God, they become as certain of the advance, the very nothingness, of evil as they are of the allness of divine good. This consciousness of the complete and unvarying harmony of the God-made and God-governed universe is heaven. It is a present reality and not a distant hope. And its full blessing is the heritage of every son of God.

Christian Science treatment heals mortal misconceptions; it does not heal spiritual man, for he needs no healing. His origin is divine Mind. He expresses the exact nature of his perfect creator and therefore remains perfect throughout eternity.

When we pray as Christian Science teaches us to pray, we are not attempting to make man whole, for God has already done that; we are not striving to make man healthy or happy, for his divine creator has given him lasting health and joy. When we pray the enlightening prayer of Christian Science we are beholding what is already true—the perfection of God and man, which is the spiritual fact of being from everlasting to everlasting.

NOTICE OF HEARING

NOTICE IS HEREBY GIVEN THAT THE City Council of the City of Campbell, County of Santa Clara, State of California, has set

Monday, April 13th, 1953 at the hour of 8 o'clock P. M., or as soon thereafter as the same can be heard, in the Auditorium of the Country Women's Club, southwest corner of First Street and Campbell Avenue, Campbell, as the time and place for public hearing on the application of William A. Ammon, to use the property situated at 110 West Campbell Avenue to build an apartment house thereon.

Interested persons may present written or oral objections to the granting of said permit at the time of said hearing.

CITY COUNCIL, CITY OF CAMPBELL.

By DOROTHY TREVENTHAN, (Seal) City Clerk.

Publish 1 time, March 26, 1953.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SANTA CLARA

No. 85594

VIRGINIA DAVIS, Plaintiff.

vs.

JAMES F. DAVIS, Defendant.

Action brought in the Superior Court of the State of California, in and For The County of Santa Clara, and the Complaint Filed in the Office of the Clerk of Said County of Santa Clara.

THE PEOPLE OF THE STATE OF CALIFORNIA Send Greetings to JAMES F. DAVIS, 609 Frost Bank Building, San Antonio, Texas, Defendant.

You are hereby directed to appear and answer the Complaint in an action, entitled as above brought against you in the Superior Court of the State of California, in and for the County of Santa Clara, within ten days after service on you of this Summons, if served within this County, or within thirty days if served elsewhere.

And you are hereby notified that unless you so appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the Complaint as arising upon contract, or will apply to the Court for any other relief demanded in this Complaint.

Given under my hand and the Seal of the Superior Court of the State of California, in and for the County of Santa Clara, this 12th day of November, A. D., 1952.

CAMPBELL HI-LITES

By Bob Olson

Yes, those "old men," creaking about the tennis courts after school Tuesday night were faculty members, all right. We can't say how much "competition" these men teachers gave Mr. Hal Drummond's fine tennis team, but they sure got a lot of needed exercise themselves, using muscles they haven't used since the faculty basketball game. And man, were they stiff on Wednesday morning! Teachers Brown, Newberry, LeCory, Chamberlin, and the others will need six weeks to recuperate—and then the faculty baseball game!

Tuesday's assembly was not as applause-filled as the recent ones where Coach Bert Robinson introduced all his basketball champions or Director Ken Wallace previewed "YOU CAN'T TAKE IT WITH YOU," but it was highly educational. For in this week's program we were transported to Ethiopia by means of a technicolored travelogue. The scenes picturing lions, tigers, and giraffes in their native habitat were more exciting than anything 3D has yet had to offer, and no one who saw these great pictures will soon forget the shot of the little girl wrestling the tiger. This assembly picture was certainly better than ten thousand classroom words.

This noon most of the teachers enjoyed a pancake and sausage brunch in the home economics class as paying guests of Mrs. Carlson's F.Hers. This soiree was another money-maker for the Future Homemakers since the pancake flour was donated by a local merchant, and the girls enthusiastically supplied the labor. We'll gladly help their causes anytime it involves a meal as good as this one.

Next week means Easter vacation for most of us, but not for Campbell High's branch of the Future Farmers. They'll be in San Francisco's Cow Palace working at the Junior Grand National Livestock Show. They'll proudly display thirty feeder pigs, five heifer calves, and one fat sheep (but no turtle doves!) in new hand-painted show boxes. But it won't be all work and no play; the last big night will find them at the annual Sears-Roebuck hotel dinner banquet. And, anyhow, to these fellows, "recreation" is where you find it—right in the palace's rodeos, stock shows, and judgments. Here's hoping Campbell High's FFAers are as successful as they have been other years. After Easter we'll describe all the blue ribbons our boys won.

Art Honorary Club is looking forward to two big Spring events: the Alviso Sketching Trip and the annual Sea Cliff picnic which will be held on May 25 this year.

Tomorrow night is the second biggest date of the year for our seniors (the biggest, of course, being graduation), for it's the night of the annual Senior Ball. This year's will have a moonlit night (already guaranteed by advisor Dean Chamberlin), an ideal location (the lush Foothill Club in Saratoga), and sweet music (provided by the inimitable Bob Berry and his boys). It'll be semi-formal and a night for all to long "remember" (which incidentally will be the theme of the evening).

Our Junior class is already planning its prom which will be held on another moonlit night—in May, right there on campus in the girls' gym. This week they're busy choosing their theme—with Hawaiian at present way out in front.

The sports rally this morning was sponsored for two purposes: (1) to inspire more students to come out for Spring sports (baseball, tennis, track, etc.) or (2) to encourage more of us to come out and cheer those who do... as, for instance, the first league baseball game being played on Campbell's diamond this afternoon against Fremont. They're gunning for us after the recent football tie and basketball defeat we offered them.

A date to circle on your calendar is April 17. That'll be the night of this year's Spring concert sponsored by Campbell High's music department, which, as you know, is second to none.

Mrs. Donald Odom of 35 Christopher Ave. and family have been sick with the "flu."

CAMPBELL REGISTER

Mr. and Mrs. Russell G. Frey, of Campbell Jeweler Shop are entertaining Mrs. Frey's mother at their 15147 Stratford Drive, Camden Garden home. Mrs. Holm left Seattle, Washington last Monday and will stay in Campbell indefinitely.

More than 40 dance pupils of Mrs. MADELINE BROWN presented a recital for their parents and friends on March 21st in the Rosemary School cafeteria. Twenty-six numbers, both classical ballet and tap dancing, were performed.

Mrs. ANNIE HEDEGARD, soon to leave for a European tour, was honored at a luncheon at the Ideal Restaurant on Fisherman's Wharf, in Santa Cruz, last week. Present to wish Mrs. Hedegard bon voyage were Mesdames GUY SMITH, GRACE LEE, ETHEL WEEKS, GLEN KNOWLES, REX FULLER, RAY WOOD, LARRY TESTA, J. A. McFALL, O. C. FREUDE, H. A. OLSON, ARTHUR SMITH, HAL STRICKLAND, REX KABER and Miss MARY KNOWLES.

Mr. and Mrs. FREDRICK NYBRO of Lovell Avenue are the proud grandparents of BRUCE FREDRICK GEDULDIG, who was born in Santa Rosa March 7th. Bruce weighed seven pounds, ten ounces at birth. He is the son of Mr. and Mrs. DWIGHT GEDULDIG. His mother is the former DOROTHY NYBRO, and his father is the wire editor of the Santa Rosa Democrat. And he has a 20-month-old sister, JANET.

Mrs. Nybro was among the first to welcome Bruce. She returned to Campbell March 23rd, but will be back in Santa Rosa, where she

is much needed, after the 27th. Mr. Nybro visited Bruce and his family week end before last.

JANE PARR, sister of Mrs. RAY FISH of the What Not Shop, flew to San Salvador (a city in El Salvador, Central America) to be among the first to welcome the latest arrival in the PAUL S. BECKER family. MONICA LOUISE BECKER was indeed a late arrival; she did not put in an appearance until the day after Miss Parr, a Registered Nurse, had to fly back to San Jose.

The Beckers are well remembered in Campbell, where Mr. Becker was principal of the Grammar School before World War II. Mrs. Becker taught here and lived with Mr. and Mrs. Ray Fish while her husband was in the service. The Beckers moved to Guatemala City six years ago to teach in the American school there, and then moved to El Salvador where they served in the same capacity. They have a son, who is now six years old.

The Beckers belonged to the Footlighters of Campbell, which Mrs. Becker directed, and both were very active and popular in the community.

Several shows were held in Campbell for little Monica Louise Becker before Miss Parr traveled to El Salvador.

Mrs. H. T. MILLER went from one convention to another, attending that of the California Federation of Women's Clubs at Asilomar March 16th, 17th and 18th. Mrs. Miller represented the Past Presidents' Assembly, of which she is president.

Unusually fine entertainment was offered the delegates by talented young men from Fort Ord, who presented vocal, violin and piano solos and dramatic readings.

Moreover, Mrs. Miller adds, the weather was beautiful.

SERVICE NOTES

TEX HERRELL

Tex Herrell, son of Mr. and Mrs. Crawford Herrell of Kennel Avenue, sailed recently for Korea aboard the U.S.S. General Lawrence. He will be assigned to a patrol ship in Japan. Tex enlisted in the U. S. Navy early in July last year and was stationed at Treasure Island for three months. He passed cooking tests in 60 days and made third class seaman. He plans to study mechanics.

Tex is the brother of Melba, Gary and Terry Herrell.

Naval Cadet Lowell E. Grattan, USNR, son of Mr. and Mrs. W. F. Grattan, 545 Briarwood, Campbell, Calif., has reported for advanced flight training at the Naval Air Station, Hutchinson, Kansas; home of the Navy's "Privateer" training squadron.

Cadet Grattan completed his basic and pre-flight training at the Naval Air Basic Training Command, Pensacola, Fla.

Upon completion of his training at Hutchinson, Cadet Grattan will be commissioned an ensign in the Naval Reserve and will be awarded the gold wings of a Naval Aviator.

Prior to entering the Navy, Cadet Grattan graduated from San Jose State College, San Jose, California.

DESERT ROCK V.—Army Cpl. Leo E. Kutz, son of Mr. and Mrs. William Kutz, of 36 Foote St., Campbell, Calif., was one of the specially assigned Army men who participated (March 17) in the Atomic Maneuver at Camp Desert Rock, Nev.

He occupied a forward foxhole during the atomic blast, and immediately after the blast charged forward in skirmishes to mop up an imaginary enemy theoretically weakened by the A-bomb blast.

Corporal Kutz is a member of the Sixth Army operational staff for Desert Rock, where he also

assists other troops from all over the country who come to the Mojave Desert for this special combat training.

Kurtz is a driver in the 38th Transportation Truck Company at Camp Desert Rock.

A veteran of the Korean conflict, he entered the Army in March 1951.

Marine Private First Class Stanley M. Cleveland, 19, son of Mr. and Mrs. M. A. Cleveland of 460 Hacienda Avenue, Campbell, is currently undergoing a specialized course in amphibious warfare training in the Hawaiian Islands.

As a member of a specially selected battalion from the Third Marine Division, PFC Cleveland arrived in Hawaii several weeks ago from Camp Pendleton, California. He and the other men of the battalion will undergo approximately six months of intense training before being returned to the United States and being replaced by another unit.

Now serving with his battalion's weapons company, Cleveland, is a gunner on a rocket launcher. This weapon won fame in World War II as the "bazooka." It has proven itself again in Korea.

CAMBRIAN NEWS

CAMBRIAN MEN TO SPONSOR CARD PARTY

Cambrian Men's Club will hold a dance and card party this coming Saturday, March 28, at the Cambrian Youth Center.

Proceeds from the 25 cent charge for each couple will go towards defraying expenses of the Cambrian Youth Center.

CAMBRIAN REGISTER

New officers recently elected to committees in Cambrian Park Improvement Association include: Dick Paulen, chairman of Membership committee.

Francis Paulen has been named chairman of activities committee. The Paulens live on Berry Way.

Bob Berger, has been appointed unit chairman of Unit six. He lives at 14841 Branham Lane.

Laurene Marie Williams is the new daughter of Walter J. and Iren M. Williams of 14753 Chameran Ave., Cambrian Park. The new baby has a five year old sister, Susan Lane.

Miss Dorothy C. Gleason and her father, Frank Gleason, were dinner guests at the home of Don and Alice Christensen, Sunday March 22. Mrs. Christensen served a delicious dinner and the afternoon was greatly enjoyed by the guests.

CAMBRIAN PARK METHODIST CHURCH, 14905 Leigh Ave., Miss Dorothy Gleason, Pastor, Sunday School, 9:45 a.m.; Worship Service 11 a.m. Baptismal Service and reception of members at this service. Theme, "Who's The Judge?" MYF meets at 6:30 p.m. at the parsonage. April 2, Maundy Thursday. Communion Services at 7:30 p.m. The Rev. Edwin Bowling will be in charge.

SERVICES HELD FOR H. C. SHOUT

Funeral services were held Tuesday at 2 p.m. from Darling-Fischer-Krug Memorial Chapel for Harry C. Shout, Sr., 63, retired San Francisco Railroad man who died Saturday while visiting the Campbell home of his son, Harry, Jr., of 125 South Union Street. Services were conducted by members of Delta Lodge 471, F. and A.M. of Stockton, and of Consistory Ben Ali Temple AANOMD of which he was a member. He was a native of Missouri.

Interment was at Woodland Memorial cemetery, Colma under direction of the local chapel.

EASTER HUNT PLANNED FOR CAMBRIAN PARK

Annual Cambrian Park Easter Egg Hunt for children of the area 12 years of age will be held Saturday, April 4, starting at 10 a.m. at Camden and Union Aves. in the field back of the Shell Gas Station.

Over 100 prizes will be offered to the children finding the colored and number eggs that will be hidden in the field by the Cambrian Park Merchants. The Easter Egg Hunt this year will be a party under the supervision of the Cambrian Park Improvement Association, under John Banks, chairman of the Ways and Means committee.

All children in the Cambrian Park area are invited and will be turned loose in three groups.

Club Lays Plans For Library Tea

Plans are under way for the annual Library Tea given by the Campbell Country Woman's Club, in the Club House which is a part of the library building. This year the tea will be held April 6th. This traditional and elaborate social event is open to the public. A silver offering garnered according to long custom at the tea is used for the benefit of the library, for the support of which the Country Woman's Club was originally organized.

Several artists will present a distinctive program at the tea, including musical and dramatic selections.

Star Circle, OES To Meet Friday

Star Circle, service club of the Campbell chapter of the Order of the Eastern Star, will meet in the home of Mrs. Ellis Rother, 675 W. Parr Avenue, Friday, March 27th. Co-hostesses will be Mesdames J. A. Feasel, J. C. Agostino, and F. R. Reilly. The meeting will open at 1:30.

The last meeting of the group was held at the home of Mrs. Lawrence Schaper. Co-hostess with Mrs. Schaper were Mesdames Frances Swane, George Hartwell, Arthur Aker and Galen Thompson.

Hittin' the HI-SPOTS

with Wayne Sturtevant

Hi! As the most discerning probably have guessed, this is a NEW column in your Press. We use (and capitalize) the word NEW because after several years of television-viewing we've become firmly convinced that any commodity that is to be sold (or as in this case read) must be labeled NEW in big red letters. We have NEW Babo, NEW Cheer, NEW automatic shifts, NEW Bran Flakes, and now a NEW column in the Press. Why not? Everybody's doin' it!

BEST NEWS OF THE WEEK: Two new businesses have blossomed out in our fair city... Couple fella's from down Monterey way, Tom Walter & Nick Di Muzio, have opened a new Glass & Upholstery establishment on Winchester Ave. ... AND Mrs. Carl Marinelli, her mom, and sis-in-law, have sprung up with a Delicatessen right next door. Here's wishing them all the best of luck.

Speaking of wishes, 'pears as though the wishes of our young ones are still something to be reckoned with... Noted in last week's Press that kindergarten enrollments are slightly behind schedule... Folks are probably havin' a little trouble trying to convince their little ones that there is more to be learned than what happens to Hoppy or Kukla, Fran & Ollie.

MY HERO DEPT.... Tony Cefalu, local liquor & sport shop proprietor, got a bit of a shock last week... Seems a blinkin' mouse got into the store and was running wild among the sporting goods and poor Tony didn't know whether to shoot the critter or hook 'em with a rod & reel... Finally just shooped him out of the store (the mouse not Tony).

Think you should know that there's a rare treat for Art lovers at Dave Ribble's stationery... The works of well-known local artists are being displayed there weekly... The works of Otis Hyde are currently being featured.

Glad to see that Helen DeRose, who is so tiny she could nearly wear some of the dresses she sells in her juvenile shop, has whipped the flu thing and is back on the job... Not so fortunate is Dave

Congregational Lenten Calendar

On Palm Sunday, March 29th, new members will be received into the Campbell Congregational Church and baptism of children will be given. Those wishing to join the church are requested to confer with the Reverend Corwin H. Olds before next Sunday.

Maundy Thursday, April 2nd, will be observed by a communion service at 7:30 p.m. A new and unique feature will be combined with the usual candlelight character of the service.

On Easter Sunday, April 5th, there will be two morning services, one at 9:35 and one at 10:50. Sunday school will meet at 9:30.

Last Sunday twenty-five members of the Pilgrim Fellowship journeyed to Santa Cruz to study the wax figure interpretation of Da Vinci's "Last Supper," and afterward the young people visited the home and studio of the artists, Mr. and Mrs. Russell Conn of Campbell.

Mr. and Mrs. James Edgmon are now in charge of the Junior Pilgrim Fellowship, which meets every Sunday evening at 6:30.

Gutierrez, one of our local drug-gists... He's still waging the battle.

Dolly Ann Shop, Helen's Juvenile Shop, Campbell Hardware & the Campbell Variety are a few of the Campbell merchants who are going to be open on Friday evenings from now on to give their neighbors a chance to do a bit of gadding around after Pop gets home from work... Sounds like a good idea and the more the better we'd say.

HERE'S HOPEN'... Yes, here's hopin' our young friend Sharon Boardman out Mulberry Drive way will be enjoying trips to the beach this summer. She's been cooped up for several months with rheumatic fever and that's long enough... How about it kid?

That's all for now, but remember, we want to see YOUR NAME in this column one of these weeks...

Ada Rebekahs Honor Founder

Ada Rebekah Lodge No. 223 met in IOOF Hall in Campbell March 17 with Noble Grand Mrs. Ernest Farley and Vice-Grand Mrs. George Sizemore presiding.

The meeting was in commemoration of the birthday of Shyler Colfax who founded the Rebekah Lodge more than one hundred years ago.

Members were asked to assist Fidelis Theta Rho Girls Club with prizes for their card party to be held in the IOOF Hall March 28.

Refreshments were served by Mrs. Ira B. Wyse and her committee Mrs. E. F. Ballot, Mrs. Fred Fellman, Mrs. Clarence Jetton, and Mrs. Anna Krug.

At the next meeting April 7, the ladies will present an Easter parade featuring original creations

KRUG RITES HELD FOR W. JOHNSON

Services will be held Saturday at 11 a.m. from Darling-Fischer-Krug Memorial Chapel for Walter M. Johnson, 59, retired, Community resident for the past 11 years.

He died in a San Jose hospital following a long illness. He had worked at his occupation as carpenter until last October when he retired due to illness.

He is survived by his wife, Mrs. Ethel Olove Johnson of 17325 Wedgewood Ave., Los Gatos.

Interment will be at Los Gatos City Cemetery with the Rev. George Flora of Bethany Lutheran Church of Santa Clara officiating.

ZONOLITE INSULATING CONCRETE

Makes Warm, Dry Floors in New or Old Buildings!

- All the advantages of concrete... plus comfortable temperature and freedom from moisture.
- Makes a permanent, fireproof, sound-deadening insulated ground floor in homes with or without a basement.
- Can be laid over old floors or directly on the ground, and can be covered with conventional floors.
- Particularly desirable for basement recreation rooms.
- Ideal for radiant heating.

When we came out here from the East, we found that...

Gas and electricity are cheap in California

says Mrs. Ruth Kirkpatrick of Pacific Grove

How P. G. and E.'s low rates save Mrs. Kirkpatrick money

In Mrs. Kirkpatrick's Pacific Grove home, these appliances bring her easier housework, better living.

Mrs. Kirkpatrick's P. G. and E. bill last month was... \$14.09

In her former Eastern home, the same amount of electricity and gas would cost... \$24.08

Two years ago, Mrs. Kirkpatrick moved to California with her two daughters Mary Anne (left) and Donna. Like so many other newcomers, she soon discovered that gas and electricity cost much less here than in her former home. Let P. G. and E.'s bargain gas and electricity do more of your work, bring you more of life's comforts. Nothing else you buy does so much — costs so little.

LEGAL NOTICE

RESOLUTION OF INTENTION TO ANNEX CONTIGUOUS TERRITORY TO COUNTY SANITATION DISTRICT NO. 4 OF SANTA CLARA COUNTY, AND PROVIDING FOR NOTICE OF TIME AND PLACE OF HEARING THEREON.

WHEREAS, there has heretofore been filed with the Board of Supervisors of Santa Clara County a petition requesting this Board to annex to County Sanitation District No. 4 of Santa Clara County certain additional territory described in said petition, and which said territory is more particularly hereinbelow described; and

WHEREAS, it appearing to this Board that said particularly described territory is not within the boundaries of any other County Sanitation District or other district formed for similar purposes; and

It further appearing to this Board that said contiguous territory will be benefited by virtue of its annexation to said County Sanitation District No. 4.

NOW, THEREFORE, IT IS HEREBY RESOLVED THAT Monday, the 13th day of April, 1953, at the hour of 11:00 o'clock A.M. of said day, at the chambers of the Board of Supervisors of the County of Santa Clara, in the County Court House, in the City of San Jose, State of California, is hereby fixed as the time and place at which this Board will hear and consider the matter of the annexation of said contiguous territory to County Sanitation District No. 4 of Santa Clara County, and at which time and place any and all persons interested in said matter may appear

and be heard and show cause, if any they have, why such territory should not be annexed to said district.

That the territory hereinabove referred to is that certain parcel of real property situate in the County of Santa Clara, State of California, and more particularly described as follows, to-wit:

Beginning at the point of intersection of the northerly line of Herriman Avenue, 40 feet wide, with the westerly boundary line of County Sanitation District No. 4, which is also the center line of the Saratoga (sometimes called Campbell or Quito) Creek; thence leaving said sanitation district line, westerly along the northerly line of Herriman Avenue to its intersection with the easterly line of that certain parcel of land conveyed by Chas. E. Moore, et al to J. M. Dahl, et ux, by Deed recorded March 30, 1946 in Book 1347 of Official Records, at page 34, Records of Santa Clara County, California; thence northerly along said easterly line of lands of Dahl to the northeasterly corner thereof; thence westerly along the northerly line of said lands of Dahl to the northwesterly corner thereof; thence southerly along the westerly line of said lands of Dahl and its prolongation southerly to the southerly line of Herriman Avenue, 40 feet wide; thence easterly along said southerly line of Herriman Avenue to its intersection with the westerly line of County Sanitation District No. 4 hereinabove described; thence northerly along said sanitation district line to the point of beginning.

AND BE IT FURTHER RESOLVED THAT notice of the time and place of said hearing be given by publishing a copy of this Resolution and Notice once a week for two (2) successive weeks in the Campbell Press, a newspaper of general circulation in said County Sanitation District No. 4 and in the territory proposed to be annexed to said district.

PASSED AND ADOPTED by the Board of Supervisors of the County of Santa Clara, State of California, this 16th day of

March, 1953, by the following vote:

A Y E S: Supervisors, Brown, DellaMaggiore, Gaspar, Levin, McKinnon.

N O E S: Supervisors, None.

ABSENT: Supervisors, None. J. M. McKinnon, Chairman of the Board of Supervisors

ATTEST: E. T. McGEHEE, County Clerk and ex-officio Clerk of said Board.

By RICHARD OLSON, Deputy Clerk
Pub. March 19, 26.

CONGREGATION TO WORSHIP IN NEW CHURCH

Members of the Church of the Good Shepherd (Lutheran) in Willow Glen, which is attended by many Campbell residents, will worship for the first time in their new church at 1550 Meridian Rd. Since last September, the building has been under construction. A member of the congregation, Clifford Johnson, has served as construction foreman. Thousands of hours of donated labor have gone into the building.

Sunday School is at 9:30 a.m., with morning worship at 11 a.m. Pastor Constant Johnson preaches on the theme: "The Christ Who Comes In Triumph."

Sunday evening, the choir of the church joins with the choir of The First Christian Church to present the "Seven Last Words." Time is 8 p.m. at the new church. Formal dedication rites will be held at a later date. The public is invited.

San Tomas School News Items Of Current Interest

The one hundred twenty boys in the fourth, fifth, and sixth grades at San Tomas School have been divided into ten teams. Softball is the current activity. Practice sessions on all the diamonds are held during the noon hour. A regular schedule of games will be played during the physical education periods under the supervision of Mr. Adams, Mr. Cook and Mr. Cirigliano, San Tomas teachers.

Friday, March 27, Claudia Kirby's fourth grade at San Tomas School will have a Mexican Fiesta as its culminating activity of the study of Mexico. Visitors are encouraged to come between eleven and two o'clock. The pupils will display their notebooks, gay holiday skirts, serapes, pictures, and articles made in Mexico.

A Mexican type lunch will be served at noon. Several mothers will help.

Games, dances, and songs will complete the fiesta.

'MEN'S NIGHT' OBSERVED AT OES MEETING

"Men's Night" was observed by Campbell Chapter No. 553, Order of the Eastern Star at the meeting held on Friday evening, March 20, 1953, with Cora W. Kaufmann, Worthy Matron, and F. Wilbur Mitchell, Worthy Patron, presiding.

Mrs. Lamber Thoen and Sidney Lawrence, Worthy Matron and Worthy Patron of Menalto Chapter No. 562, Menlo Park, Calif., were escorted and presented.

Other visitors included Mr. and Mrs. Hugo R. Dietel, Yerba Buena Chapter No. 228, San Francisco, Calif., Mr. and Mrs. Arthur Benhart, San Diego Chapter No. 264, San Diego, Calif., Estelle Parras, Starlight Chapter No. 401 San Jose, Ada M. Kellogg, Sunlight Chapter No. 242, Seattle, Wash., Mr. and Mrs. Fred Goodwin, Miramonte Chapter No. 141, Mt. View, and Mabel Rose, Ashland Chapter, Ashland, Oregon.

LaVerne Bitzer was welcomed as a new member by affiliation.

Donald Hartman was general chairman for the evening's entertainment, which included a humorous original skit, written and directed by Dean Chamberlin, who also acted as announcer. Those taking part in the play were: Gregory Parker, Fred Johnson, George E. Jeffers, Donald Hartman, A. C. Currie, William Scott, Leslie Titus, Rudolph Nelson, Harold Adams, Wilbur Mitchell and Earl Buck.

James Arnold was in charge of the banquet hall and refreshments assisted by the men of the chapter.

"Easter" will be the theme of the meeting to be held Friday evening, April 3, 1953.

Girls Of Five High Schools Hold Dance Symposium At C.U.H.S.

More than 120 girls participated in a Dance Symposium in the Girls' Gymnasium of Campbell Union High School on March 21st, representing five high schools: Fremont, Abraham Lincoln, Willow Glen, Los Gatos and Campbell. All the girls participated in the master lesson, which was given in three parts. The first was directed

ADVENTISTS TO HELP EXPAND FOREIGN SCHOOLS

Sabbath School members of the Campbell Seventh-day Adventist church, Fourth and Rincon, will take part in a nation wide offering this Saturday to expand educational facilities for nearly 20,000 Adventist youth in the Philippine Islands.

In announcing the offering Mrs. Dorothy Patton, Sabbath School superintendent, stated that the Philippine Union College in Manila is overcrowded, and that a 2400-acre property on Mindanao is available for \$14,000. Here students can have agricultural training, and a lumber industry will enable them to meet their tuition and other expenses.

The local Adventist church members support their own one-room parochial school at W. Rincon and Ada. Plans are under way for another room by September 1.

CARD OF THANKS

We wish to thank our many friends and relatives for their reverent care and floral offerings during our recent bereavement.

Signed
Harry L. Smith and family.
C. R. Williams and family.

Services Held For W. Von Gunden Yesterday P.M.

Rutherford Funeral rites were held yesterday for William von Gunden, 58, tile setter and rabbit raiser, who died early Sunday in a San Jose Hospital after being stricken suddenly.

He had lived in Campbell for the last 10 years. He was a native of Mendon, N. Y.

He leaves his widow, Erna, two daughters and two sons. They are Mrs. Helen Smith, of Campbell; Mrs. Emily Schroeder of San Jose; and George and Raymond Von Gunden, of San Jose. Also surviving are eight grandchildren.

He was a member of Santa Clara Valley Rabbit Association, and resided at 670 S. San Tomas Road.

MRS. McLAREN SERVICES HELD

Della McLaren was laid to rest March 24 at Oak Hill Memorial Park with Rev. Corwin H. Olds of Campbell Congregational Church officiating. She was the wife of William McLaren, mother of the late William McLaren, sister of Mrs. Joe Stanley of San Francisco and the late Mrs. Lita Higgins. Services were held last Tuesday from Darling-Fischer-Krug Memorial Chapel.

Song Fest Slated For Local Church

Church choirs from Santa Cruz, Monterey and Santa Clara will convene at Calvary Temple Church in Campbell Sunday, March 29th at 2 p.m. for a Tri-County Singing Convention.

Singing will begin at 11 a.m. and will last until 12:30 p.m. with a dinner or lunch to be served at the church, from 12:30 p.m. to 1:30 p.m.

Purpose of the convention is to have an old fashioned song fest of Gospel songs, according to Pastor Rev. O. B. Vossler, and D. B. Seale, among the organizers of the meeting.

The Gospeliers of Fresno will be present to render several special numbers as well as the choir from the Four Square Gospel Church of San Jose.

San Tomas Group Sees Youth Needs

The need of a recreation center for teen-agers of San Tomas was pointed out at a meeting of interested parents and authorities on juvenile affairs held March 18th in the San Tomas School cafeteria.

A film entitled "A Criminal Is Born" was shown at the meeting, illustrating the causes of juvenile delinquency. Officials present stated emphatically that certain elements of the film "exist right here," and that the cooperation of parents is necessary to abrogate such undesirable conditions. It was proposed by these experts that a wholesome "night spot" for youngsters, under competent supervision, could channel adolescent activity into worthwhile recreation.

Speakers invited by the parents initiating the plan of meeting were Gene Arnold, Santa Clara County Truant Officer; John Brokenshire, head of the Juvenile Court of Santa Clara County; Inspector D. H. Barclay of the Juvenile Bureau of the Sheriff's Office; and Mr. Mitchell, head of the Santa Clara Recreation Department.

A second meeting has been planned for April 16th, in the San Tomas School cafeteria. All parents and others are invited.

SKEET SHOOT TO AWARD \$500 IN PRIZES

Prizes amounting to \$500 in cash will be awarded to the high scorer at the San Jose Trap and Skeet Club's registered shoot, Saturday, April 4, and 5 at the club grounds at the corner of Redding and White Oaks Road, in Campbell, according to N. A. Lamb, president.

Amateur Trapshooting Association Rules will govern this shoot and scores will be included in official records of the Amateur Trapshooting Association at Vandalia, Ohio.

The shoot will consist of five events including: 100 yard targets, a preliminary handicap, 50 pairs of doubles, another 100 yard targets, a handicap shoot and a "Calcutta" (where each shooter is sold to the highest bidder).
